operation to large mining operation  
State Identification Number: UT941007-010

Dear Mr. Hedberg:

The Resource Development Coordinating Committee (RDCC), representing the State of Utah, has reviewed this proposal. The Division of State History comments:

The Utah State Historic Preservation Office has reviewed our cultural resource files for the above requested project area. No historic properties have been recorded within the project area because no historic properties' surveys have been conducted.

The Utah Preservation Office recommends a survey of the area of potential effect may identify historic properties, some of which may be eligible for the National Register of Historic Places. It is your responsibility to determine further actions, such as field surveys, to identify historic properties.

This information is provided on request to assist DOGM in identifying historic properties, as specified in 36CFR800 for Section 106 consultation procedures. If you have any questions, please contact Jim Dykmann at (801) 533-3555. (Please refer to Case No. 94-1471). Jim's internet address is:

The Committee appreciates the opportunity to review this proposal. Please direct any other written questions regarding this correspondence to the Utah State Clearinghouse at the above address or call Carolyn Wright at (801) 538-1535 or John Harja at (801) 538-1559.

Sincerely,

Brad T. Barber
